

Decorah Community School District
Decorah CSD Continuous Learning
Site Open

April 13, 2020

Good Morning,

On Friday, you should have received a message from your building principal containing details about emergency closure continuous learning. Today, I am writing to announce that our Decorah CSD Continuous Learning website is live. Our teachers and staff have worked diligently to create a convenient and user-friendly platform for students and families. You can access the site using the link below. Please bookmark the site as it will be updated weekly.

[Decorah CSD Continuous Learning Canvas Site](#)

When you arrive at the homepage you will be able to navigate to each building's site.

Learning Activity:
- Watch the *How-to video* about the Scholastic Site you will be using. Click [HERE](#)

We know that about 97% of our PK-12 students now have their district-issued laptop or iPad at home. In grades 5 through 12, the percentage is over 99.99%, with only five students that do not yet have their device at home. If you do not have your child's device, please contact your principal and we can make arrangements for you to pick it up. If you need any technology or internet access assistance, please follow the guidance in the communication from your child's principal.

We are excited to continue to learn together during the emergency closure.

Thank you for your support of Decorah Schools.

Mark M. Lane, Superintendent of Schools
